Hello people..

I like this site...Thanks to Admin for helps.

First of all, Im the one of the "RARE" supporter of ATATURK!

I said RARE, because the people have been started to be hoodwinked!..

The REPUBLIC has started to be disappeared!

Epecially " FORCE TO DISAPPEAR " by some kind of people who know themselves the boss of Turkey.

I have known only one since I was born.

It has been MUSTAFA KEMAL ATATÜRK and HIS REVOLUTIONS...

Turkey has been gotten from hard, bloody and having a lot of enemies...

Dont let Turkey entrust to some Islamic brains and trying to use islam as a figure of republic!!!.....

Thanks!

mmm. It is really nice to seeing you support Ataturk who is the founder of Turkey.. But there is a thing that U CAN NOT SAY ATATURK SAVED OUR LIVES... dont get me wrong when I tell you stuff that is wrong with your country. Havent you ever studied the history by your self via the internet or the library rather than going to school and learning of his biography which is the same all the time ý guess..- 1881 selanik ali rýza and so on....You guys have the greatest brainwashed history in the world. How come u ignore the ottomans and the other turks, pashas....????he is not the one who did everything... I used to love KEMAL ATATURK because I love Turkey..After I heard these stupid issues are being talked by politicians I started searching about the history of Turkey, I dont need to love him really I said myself...I am not a religios or a particular political party supporter. Iam not even from Turkey...But from outside I can smell bad about Turkey....I AM THE REAL TURK THAT ONLY WANTS TURKEY TO BE THE FUCKING STRONGEST BESTEST DELIGHTEST COUNTRY IN THE CYBER SPACE!!!...pls check the website I have posted....

It is clear that you are NOT EVEN FROM TURKEY. that is the best proof that you are the anti-supporter. You are not worth to talk.. Bye

Pls DO NOT SAY DAT TO ME FOR JUS LEAVING YOU ALONE OR something like dat.. I love TURKEY and I dont want it to be a puppie that is used by other countries!

I am sick an tired when I hear some people keep talking the same old story over and over. Something's gotta change when It comes to Turkey. Its time that we saw the truth rather than gluing ourselves to overhyped lies that somebody is an angel while he is not;he is just human jus like you and me. Maybe a good commandar but how many commandars have TURKEY got in its history? One man shouldnt steal all the good stuff. We need to remember and honor so many heroes Turkey has produced.This crap that any criticism of KEMAL is a taboo and punishable as blasphemy doesnt hold

any water anymore. Time has passed and the people have awoken and started seeing the truth. There is no turning back. No matter how hard the KEMALISTS try to impose their will on us time is running out for them. Turkey should focus on important issues rather than wasting its precious time on KEMAL this and KEMAL that!!! Give me a break baby no more bulshitting. I gotta go now important issues are waiting for me. Eyes wide open Stop caramelizing Kemal Ataturk. TURkey is not a one-man country. Its an 80 millions country.
